

DRC

Power Supplies

Compact with a DIN rail mount design, the DRC series of power supplies installs easily in controls cabinets and elsewhere that power is required. They offer double isolated input. This means that no Earth connection is needed, thus resulting in low leakage current.

Easily installs wherever power is required, with no Earth connection needed.

Key Features

Durable and Easy to Install

Protection Class II, Double Isolation
(No Earth connection is required)

Universal AC input voltage
full power up to 55°C

Power will not de-rate for
the entire input voltage range.

Up to 89.0% efficiency @ 230Vac

NEC Class 2 / Limited Power Source (LPS) certified

Overvoltage / Overcurrent / Over Temperature Protections

Do it right.
