

# Facility Scheduler

## Schedule Spaces & Control Costs

Integrate your smart building systems into a central, easy-to-use platform. Facility Scheduler integrates third-party scheduling, booking systems and tenant portals with enteliWEB. Worried about the process changes that accompany a new system? Facility Scheduler lets you preserve your existing workflow while gaining all the benefits of a fully-integrated Delta Building.

Integrate multiple systems and improve your daily workflow effortlessly.

## Key Features

### **Tie Building Automation to Occupancy**

The Facility Scheduler allows you to sync HVAC, access, and lighting to occupancy.

### **Create Savings in Your Building**

Save money by leveraging on-demand control. Give your smart building more intelligence by telling it when spaces aren't occupied.

### **Advanced Scheduling**

Take advantage of the built-in calendar for more scheduling options

**Do it right.**
