

O₃ App

Your Room. Your Way.

Take control of your space with the Delta Controls O3 App. Connect with your O3 system via Bluetooth and create profiles to take control of HVAC, lighting, blinds and other peripherals. Dim lights for presentations, optimize energy savings with eco modes or create the perfect lighting for productivity. Coupled with your O3 Sensor Hub, your space knows what you need before you have to ask.

With Bluetooth connectivity, the O3 App always knows where you are.

Key Features

- Configurable, activity-based profiles for each room based on what you're doing
- Eco-friendly profiles to ensure that you can save energy without sacrificing comfort
- Communication with your O3 system through Bluetooth ensures your preferences carry over to each room.

Do it **right.**
