

# eZNS

## enteliZONE Network Sensor

With fully customizable faceplates and button layout, the eZNS provides you with the flexibility to manage the unique requirements of your building. Notify your users of alerts with configurable colors and customize the interface layout to streamline your occupant experience.

Streamline user experience with configurable colors and customizable interface layouts.

### Fast Configuration

Save time with NFC set-up. Configure your eZNS in the box before stepping foot onsite.

### Advanced Control Strategies

Pair the eZNS with an application controller to save energy and money by enabling advanced control strategies such as demand control ventilation.

**Do it right.**
