

eZNT

enteliZONE Network Thermostats

The eZNT reaches beyond the expectations of standard, network thermostat while remaining focused on cost-effectiveness. Fully programmable and with customizable button overlays, RGB backlighting, and NFC set-up, the eZNT provides the dependable, onboard control you expect from a Delta Controls thermostat.

Use a wide array of applications to suit your specific requirements.

Clear Communication

Communicate the room's status with the color-changing RGB display. Provide occupants with at-a-glance updates about temperature, humidity or other building events.

Wide Array of Sensing Applications

From basic temperature monitoring to occupancy detection, the eZNT excels at a wide range of sensing applications.

Do it **right.**
