

DVC PoE

Power Over Ethernet VAV Controllers

The Delta Controls VAV Controller PoE provides a powerful and economical solution for VAV applications. With Power over Ethernet (PoE), the DVC PoE provides high-speed communication and simplified wiring with a single Ethernet cable.

With a single cable, you'll get high-speed communication and simplified wiring.

Key Features

Fully Integrated

With direct mount housing, the DVC PoE integrates the controller, damper actuator and airflow sensor into a single, easy to install package.

Power and Speed

Improve your analytics by getting fast, reliable data from the lowest level of your network with the DVC PoE.
