enteli**VIEW**

enteliWEB at Your Fingertips

enteliVIEW-10 is a modern 10.1" touch screen that can present interactive multimedia content. It is a web panel that acts like a web browser that smoothly displays enteliWEB with enteliVIZ graphics. This reliable capacitive touch screen enables easy visualization and control of the building automation system in offices, conference rooms, lobbies, or technical rooms. Integrated LED panels on the sides of the housing allow status indication in red or green. Built-in buzzer enables sound alarms.

Smoothly display enteliWEB on a 10" touch screen with LED panels for status indication and built-in buzzer for sound alarms.

Key Features

CNC aluminum housing.

Browser operation in full screen modeFull screen mode browser and define a start page.

LED panels in housing, build-in buzzer.

Possibility of power supply via PoE or 12VDC (with recommended DRC-12V60W1AZ).
