

 Delta **INTEGRATED**

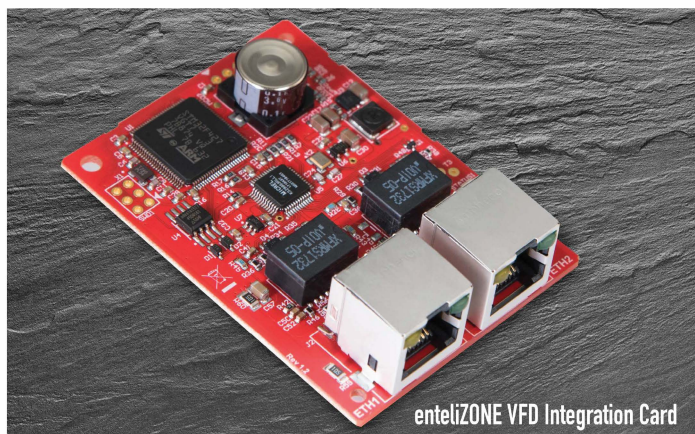

CP Series VFD

Integrated Variable Frequency Drive

The CP2000 series of VFDs are built to rugged industrial standards. They are dependable and efficient in any application.

CP2000 drives improve motor performance with Sensorless Vector Control (SVC) and auto-tuning functions.

Get unprecedented access with
our dependable, integrated
Variable Frequency Drive.

Key Features

Delta Controls Integrated

The Delta Controls VFD Integration Module turns every VFD into a controller on your network. Reduced installation and engineering with unprecedented access to VFD parameters from enteliWEB.

Bypass and Disconnect

A full range of bypass and disconnect packages are available from Delta Controls. Purchase VFD packages alongside your building controls.

Do it **right.**
