

CopperCube

Built Solid to Secure Your Data

CopperCube is your solution for archiving trend logs in a resilient, industrial computer. With an IT-friendly design and easy-to-navigate user interface, CopperCube manages up to 5,000 individual trend logs so you can get the most out of your BAS without the need for complex server installations.

Make tasks simple and efficient while keeping your data safe.

Key Features

External Archiving

Schedule data backups to occur externally. Keep your data out of harm's way.

Multi-site

Archive data from multiple sites over WAN intranet.

Built-in UI

Configure settings directly in the CopperCube. The embedded UI makes tasks efficient and straightforward.

Do it right.
