

Red5 EDGE ROOM

Total Room Integration

A fully programmable native BACnet building controller, Red5-EDGE-ROOM supports multiple communication methods, including BACnet/IP, BACnet over Ethernet, BACnet MS/TP, and Delta LINKnet.

Key Features

- +** **Availability**
Program or work on graphics from anywhere with an internet connection with unlimited users per account for one price.
- +** **Faster Project Cycles**
Finish programming your controllers and pass the virtual site over to the graphics developer while you start up another site and continue programming.
- +** **Increased Collaboration**
All virtual sites are accessible to all team members at the same time. Finish a job that another engineer started, or work with your entire team to complete a large project.

Control all aspects of a room and integrate with systems seamlessly.
