## Earthright® Energy Dashboard

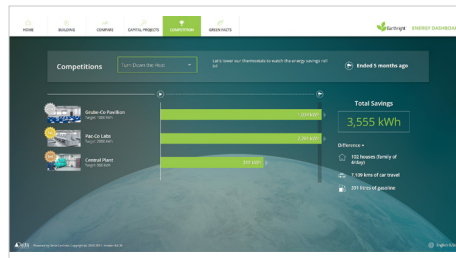

### Description

Reducing a building's energy demand is a critical step in any successful energy-saving design. The Earthright Energy Dashboard from Delta Controls is an attractive, easy-to-understand dashboard designed for use on large screen displays, kiosks, and on the Web. Simple charts and gauges provide daily feedback to occupants to encourage behavior adjustments to reduce individual energy use.

## Earthright Energy Dashboard

### Application

The Earthright Energy Dashboard is an interactive and attractive medium to communicate energy savings and sustainability projects to building tenants and owners, and the public.

The Earthright Energy Dashboard showcases your organization's commitment to energy conservation, raises the profile of the facility management team, and educates tenants on active energy-saving initiatives.

### Features

- ▶ Display utility consumption summary and live data readings from enteliWEB Energy Management System
- ▶ Green Facts Screen available as self-running slideshow to highlight a building's energy-saving features and initiatives
- ▶ Comparison Screen provides detailed charts of utility usage and savings between time periods
- ▶ Report current weather and forecasts for your locations
- ▶ Lists capital projects, the generated cash savings and payback
- ▶ Support multiple languages; user can select the language they want to use on the dashboard
- ▶ Customized energy equivalencies make it easy to relate energy usage to everyday items like car travel distances and bottles of water
- ▶ Display multiple locations, buildings and campuses
- ▶ Embed graphics created in enteliVIZ HTML5 Designer
- ▶ Ability to add your company logo to the dashboard. Contact Delta Controls about custom dashboards to match your organizational branding
- ▶ Upgrade to Campus license to display Home Campus Screen and select which locations are displayed on the Building and Comparison Screens; track energy savings competitions between locations or buildings on the Competition Screen

### Ordering

To purchase the Earthright Energy Dashboard Energy Management add-on for your enteliWEB license, go to the Licensing Portal at [licensing.deltacontrols.com](http://licensing.deltacontrols.com).
