

GEORGE UNIVERSITY

DELTA CONTROLS

WHAT IS GEORGE UNIVERSITY?

George University is:

- Delta's online learning management system
- On a Moodle based server

Primary Components:

- Self Paced courses
- Classroom management resources

WHO CAN USE IT?

Partners and their Employees:

- Installers
- Engineers
- Programmers
- Graphic techs
- Sales & management

Vetted Customers of Partners:

- Facility management groups for schools, hospitals, military, etc.
- Technically skilled customers
- Customer groups that require factory training as part of job specifications

Customer Training is arranged through the partner

Do it right.

ACCESSING GEORGE UNIVERSITY

Online Self Paced Content:

- Students need a Delta Passport account
- Can be accessed at any time

Classroom Training Material:

- Students must be registered for a classroom training session
- Access to course page & content requires a password
- Content topics are rolled out in pace with the class

PARTNER BENEFITS

Better Trained Techs Equates to:

- Less engineering time, reducing Partner's cost
- More efficient control of buildings, reducing customer's overhead cost

Halo Effect:

- Trained techs can help untrained coworkers, indirectly improving workflow

Improved Use of Tech Support:

- Leads to better and more in-depth questions
- Yields faster and more helpful responses

RECOMMENDED CLASSROOM TRAINING BY JOB ROLE

Tech Sales

- F280: Basic Tech Training
- e301: enteliWEB Fundamentals

Field Tech

- F280: Basic Tech Training
- 301: enteliWEB Fundamentals

Advanced Field Tech

- F280: Basic Tech Training
- e301: enteliWEB Fundamentals
- PG101: GCL+ Basics

Programmer

- F280: Basic Tech Training
- e301: enteliWEB Fundamentals
- PG101: GCL+ Basics
- PG101: GCL+ Advanced

Master Tech

- F280: Basic Tech Training
- e301: enteliWEB Fundamentals
- PG101: GCL+ Basics
- PG101: GCL+ Advanced
- A401: Advanced Tech Training

Graphics Tech

- F280: Basic Tech Training
- e301: enteliWEB Fundamentals
- e315: eVIZ HTML5 Basic
- e320: eVIZ HTML5 Advanced

Do it **right.**

CERTIFICATION

How to get a certificate:

- Certificates are granted to students who successfully complete:
- Online courses
- Classroom training

Online certificate:

- Automatically granted
- Students must achieve minimum grade on all
- quizzes & exercises

Students can re-try quizzes & exercises at their own pace

Classroom Training:

- Granted & signed by Instructor
- Students must achieve minimum grade on all
- quizzes & exercises during class

CERTIFICATE of ACHIEVEMENT

This is to certify that

Travis Student

has completed the course

F-180: Delta Hardware Applications and Controllers

February 28, 2019

Course Grade: 95.00 %

Do it **right.**

ONLINE SERVICES - **PASSPORT**

Passport Purpose

- Passport is your one stop shop for technical, sales, and purchasing services
- You only need one URL
-
